

KENZI'S CAUSES
ANNUAL REPORT
2025

18 years of *changing lives, strengthening families and building brighter futures.*

What began as a small act of service has grown into a movement far beyond what we ever imagined. Through our core programs, we equip children and families across Colorado with the support and resources they need to overcome challenges and build brighter futures. Our mission is simple and powerful: to ensure every child - regardless of financial circumstances - has the opportunity to grow, succeed, and thrive.

We're changing the lives of low-income families throughout Colorado because it matters. When families are supported, communities grow stronger. It's really that simple.

”

I do this work to change their lives, honor Kenzi, and make a positive change in the community.
