Sponsorship Opportunities

As a Packz4Kidz Event Sponsor, you will provide smiles and joy to the less fortunate children of Colorado. You will give them a chance to feel good about themselves and to look with hope toward their future. Through your benevolent gift, you will drastically change the way that children in our community see themselves and the world around them.

Since 2015, the Packz4Kidz program has provided backpacks with school supplies, lunch boxes and water bottles to low-income children as well as to Kenzi's Kidz participants who would otherwise have had to start the first day of school without proper supplies. Since then, we have impacted 39,799 children.

Our goal for 2025 is to serve **8,250** children across the state of Colorado and to serve **300** children in Grand Junction.
